

Overview

Grade Levels Served: K-5

Students Served: Serving students with Autism Spectrum Disorder, Emotional Disability, Learning Disabilities, Multiple Disabilities, Other Health Impairment, and Specific Learning Disability. Serving students who were removed from a traditional school setting for serious behavioral violations.

Support. Prevent. Connect: Our Integrated Multi-Tiered Systems of Support are the foundational pillars of everything we do. We support each student's needs; we prevent barriers to learning; and we connect with students, staff, and stakeholders to help ensure the best outcomes in school and life.

Staff: Our educators shine a positive light on students, uncover the unique learner within, and make a lasting impact.

With smaller class sizes than traditional schools can provide, our therapeutic classrooms help young students discover their untapped potential for thriving academically by helping them overcome social and behavioral challenges. Our school helps students improve attendance rates, gain access to community resources, demonstrate growth in reading and math, earn field trips and other incentives, and begin to enjoy going to school every day.

Based on nurturing a positive peer culture and academic rigor, **KAPS Academy of Escambia County** utilizes a research-based behavioral modification model that cultivates pro-social behaviors and leadership skills through early interventions and tangible rewards. Our students learn to embrace personal accountability for behavioral and academic success in a positive environment that values safety, respect, teamwork, and high standards.

Learning Pathway

Transitional: Re-engagement and Rebuilding

We re-engage students in their educational journey by helping them build the academic and emotional skills necessary to succeed in less restrictive settings and reach new milestones.
