HIGH ROAD SCHOOL OF MARION COUNTY

High Road School of Marion County is where students with academic, emotional, and behavioral needs uncover their potential through individualized learning that goes beyond what most classrooms can offer. In our private day schools, we meet each student where they are.

Smaller class sizes and high-quality, student-centered instruction allow our teachers, therapists, and staff to build strong connections with each student in nurturing, respectful, structured, and positive learning environments. Drawing from a comprehensive range of specialized services, High Road School educators implement Individualized Education Programs (IEPs) to help each student shine—at school, at home, and in the community.
