

HIGH ROAD SCHOOL OF SOUTHERN DELAWARE

Overview

Grade Levels Served: 1-8

Students Served:

Serving students with Autism Spectrum Disorder, Emotional Disability, Intellectual Disability, Learning Disabilities, Multiple Disabilities, Other Health Impairment, and Specific Learning Disability. Serving students who were removed from a traditional school setting.

Support. Prevent. Connect:

Our Integrated Multi-Tiered Systems of Support are the foundational pillars of everything we do. We support each student's needs; we prevent barriers to learning; and we connect with students, staff, and stakeholders to help ensure the best outcomes in school and life.

Staff: Our educators shine a positive light on students, uncover the unique learner within, and make a lasting impact.

High Road School of Southern Delaware is where students with academic, emotional, and behavioral needs uncover their potential through individualized learning that goes beyond what most classrooms can offer. In our private day schools, we meet each student where they are.

Smaller class sizes and high-quality, student-centered instruction allow our teachers, therapists and staff to build strong connections with each student in nurturing, respectful, structured, and positive learning environments. Drawing from a comprehensive range of specialized services, High Road School educators implement an Individualized Education Program (IEP) for each student to shine—at school, at home, and in the community.

Learning Pathway

Spark: Academic and Behavior Support

We inspire students to achieve academic success by helping them strengthen their behavioral and learning abilities through a district-aligned curriculum designed to lead the way to less restrictive settings.
