

LATTICE

— EDUCATIONAL SERVICES —

Overview

Grade Levels Served: K-12+

Students Served: Serving students with Autism Spectrum Disorder, Emotional Disability, Intellectual Disability, Learning Disabilities, Multiple Disabilities, Other Health Impairment, Specific Learning Disability, and Traumatic Brain Injury. Students who were removed from a traditional school setting for serious behavioral violations.

Support. Prevent. Connect: Our Integrated Multi-Tiered Systems of Support are the foundational pillars of everything we do. We support each student's needs; we prevent barriers to learning; and we connect with students, staff, and stakeholders to help ensure the best outcomes in school and life.

Staff: Our educators shine a positive light on students, uncover the unique learner within, and make a lasting impact.

Lattice Educational Services is where students with academic, emotional, and behavioral needs uncover their potential through individualized learning that goes beyond what most classrooms can offer. In our private day schools, we meet each student where they are.

Smaller class sizes and high-quality, student-centered instruction allow our teachers, therapists, and staff to build strong connections with each student in nurturing, respectful, structured, and positive learning environments. Drawing from a comprehensive range of specialized services, Lattice Educational Services educators implement Individualized Education Programs (IEPs) to help each student shine—at school, at home, and in the community.

Learning Pathway

Bloom: Functional Communication and Daily Living

We foster engagement in students with moderate to severe cognitive disabilities or autism by helping them strengthen functional academic, communication, and life skills in a nurturing, supportive environment.
