
HIGH ROAD SCHOOL OF WALLINGFORD

High Road School of Wallingford is where students with academic, emotional, and behavioral needs uncover their potential through individualized learning that goes beyond what most classrooms can offer. In our approved private special education programs, we meet each student where they are.

Smaller class sizes and high-quality, student-centered instruction allow our teachers, therapists and staff to build strong connections with each student in nurturing, respectful, structured, and positive learning environments.

Drawing from a comprehensive range of specialized services, High Road School educators implement an Individualized Education Program (IEP) for each student to shine—at school, at home, and in the community.
