

Overview

Grade Levels Served: 6-12

Students Served: Serving students with Learning Disabilities, Other Health Impairment, and Specific Learning Disability. Serving students who were removed from a traditional school setting for serious behavioral violations.

Support. Prevent. Connect: Our Integrated Multi-Tiered Systems of Support are the foundational pillars of everything we do. We support each student's needs; we prevent barriers to learning; and we connect with students, staff, and stakeholders to help ensure the best outcomes in school and life.

Staff: Our educators shine a positive light on students, uncover the unique learner within, and make a lasting impact.

Based on nurturing a positive school culture, Anthony Wayne Academy utilizes a research-based behavioral modification model that cultivates pro-social behaviors and leadership skills through early interventions and tangible rewards. Smaller class sizes and individualized instruction meet each student where they are in an environment that values safety, respect, teamwork, and high standards.

We provide students with opportunities to foster social skills, experience academic rigor through data-driven instruction, and develop life skills. By recognizing the unique value and talent of each student, building strong relationships with them and their families, and celebrating their daily successes, we help students who haven't been able to participate in a regular classroom setting thrive at school, at home, and in their communities.

Learning Pathway

Transitional: Re-engagement and Rebuilding

We re-engage students in their educational journey by helping them build the academic and emotional skills necessary to succeed in less restrictive settings and reach new milestones.
