

B.E.S.T. Academy helps students and families uncover untapped potential through individualized support, academic rigor, and small, structured classroom settings. We build strong connections with our students in a nurturing, respectful, safe, and positive learning environment while providing evidence-based, data-driven instruction.

Through evidence-based, data-driven instruction that is aligned with your student's strengths and IEP goals, we meet your student where they are. In other words, we do not tier your student, we tier our supports to uniquely meet your student's exceptional needs.
