

Upgrade Your Summer Program with Literacy & Math Intervention

Academic Interventions

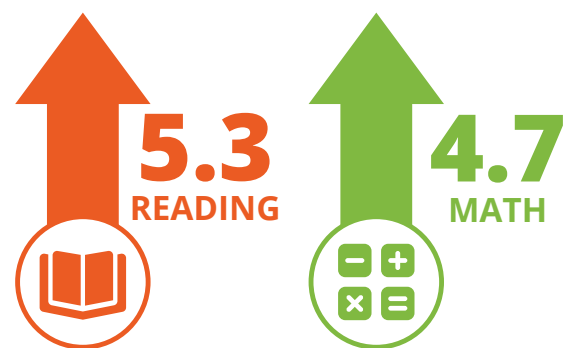

Catapult Learning's national and state aligned academic interventions in reading/literacy and math can be seamlessly added to your existing summer learning program

Our Science of Reading based interventions:

- Are based on the Science of Reading and designed to develop and strengthen concepts about print, oral language, phonemic awareness, and phonics skills
- Support foundational literacy skills
- Build skills in phonics, phonological awareness, fluency, comprehension, and vocabulary

Our math interventions:

- Reinforce foundational skills
- Build confidence
- Improve math fluency

2017-2022 National Grades K-12 NPR Test Results*

A 2017-2022 comparison of pre-test and post-test rankings revealed positive gains, with students' average rankings increasing by 5.4 points in reading and 4.7 points in math.**

*Excludes 2020 school year

**Includes pre-test and post-test data of students with at least 20 days of attendance
